

# THE DOTHAN EAGLE

Dothan's Population—1890, 320; 1900, 3,275; 1910, 7,116; 1920, 20,000—"For I heard them say, Let us go to Dothan."

DOTHAN, ALABAMA, WEDNESDAY EVENING, APRIL 5, 1931

NUMBER 170

## CHAMP BARTOW HAS BIG MEETING

### VETS MUCH IMPRESSED WITH TREATMENT OF DAUGHTERS

One of the most enthusiastic meetings of the old vets was held here yesterday when Camp Bartow U. C. V. held its regular quarterly meeting.

There were so highly entertained by the chapter United Daughters of the Confederacy.

The meeting was held in the main court room of the post house and after adjournment they were served with dinner.

The appointed committee of the lower lobby.

The meeting of the camp the officers were elected to serve the ensuing term.

The matter of attending the reunion of the confederacy which will be in Little Rock on the 15, 16 and 17 of next month was discussed.

Several will go from this camp.

R. T. Gant was appointed member and will leave with the vets here on the 14th.

They will be given a through train for all points, making no stops after leaving Montgomery.

After adjournment of the meeting members of the camp were invited to the ground floor where they were treated with a most tempting dinner.

The ladies. The committee was composed of Mrs. A. J. Smith, Mrs. J. Thrasher, Mrs. R. F. Ghent, Mrs. M. Hunter and Miss Della Sand-

who on account of their court treatment received many thanks.

expressions of appreciation from old soldiers.

The menu for the "feast" was composed of all kinds of sandwiches, good things to eat and coffee, furnished by the ladies of the local chapter, and was enjoyed highly by camp members.

The old soldiers were very much pleased by the meeting and by the fact that they were treated by the recently re-organized daughters of the Confederacy.

DEATH OF GODWIN INFANT.

The six-months-old infant of Mr. Mrs. O. G. Godwin died last night at the family home on South street.

Interment will be made this afternoon in the city cemetery, and the funeral will take place in the home.

Phone us an order for some of that steak, from the western shipper, at beef just received. Enterprise Market.

Fresh dry salt mackerel, and herring mackerel in brine at the Grocery Company.

HAMMOCK-WILLIS

Mr. J. T. Hammock, of Henry county and Miss Lottie Willis, of Winston county, came back to Dothan today and were married. They had secured their license here from Judge A. C. Crawford several days ago and fulfilled their promise by getting him marry them by returning here today. The ceremony took place in the probate office this morning.

We have fish roe in cans that are really fine. Bonham & Son, phone 463.

CHANDLER-CALL

A marriage license was issued to Mr. Chandler and Miss Beckie Call, a young couple, both of whom are in this county.

We invite our lady friends to make our store headquarters while in town. It is a pleasure for us to show them our line of Fernhill, Heins and National Biscuit company goods. Bonham & Son, phone 463.

Dr. J. M. Stevens left this afternoon for Atlanta, where he will attend the association of the Southern Branch of the National Dental Association which is in session there this week.

## HILL AND CULVER WITH UNIVERSITY

On the sporting page of today's Montgomery Advertiser appears a picture of the baseball team of the Southern University at Greensboro, and although, they were aware of the fact that the two young men were fast on the diamond, many Dothan people were surprised to see Messrs. Frank Culver and Roy Hill, of this city, in the squad, this being their first year there.

Culver is catcher for the bench and Hill acts as his substitute, a position they have played for many years on amateur teams in Dothan. Each of them was on the Dothan team of 1910, and will no doubt show the fans some good work.

Lock Bloodworth, one of the pioneer settlers of Dothan, now a resident of Cairo, Ga., is in town today.

Dell & Smith have purchased a Ford touring car in which they will show the people the opportunities offered in Dothan dirt.

## FACTS WORTH KNOWING

The Empire Life, of Atlanta, Ga., entered Alabama only two years ago and in 1910 wrote in Alabama alone \$2,753,000.00, which was \$790,000 more than any other company. Why this great excess of business over all other companies? There is a reason for all things; let me explain this reason. W. O. Griffith, agent, Dothan, Ala.

WESTERN BEEF

We have received the finest line of western beef ever shipped to this section. Enterprise Market.

Fresh salt fish and Spanish mackerel just received. Phone us for some. Bonham & Son, phone 463.

LIKE CARROLL IS OUT AT WATSON

In a difficulty which took place yesterday at Taylor, Ike Carroll, a farmer, was severely cut by his brother-in-law by the name of Watson. It could not be learned here as to what the difficulty grew out of. Watson was not hurt and Carroll's injuries are not considered serious.

A good tender steak is a thing of joy, and a shipment from the west is just received by the Enterprise Market.

Dr. E. N. Passmore left yesterday afternoon for Atlanta, where he will attend the convention of the southern branch of the National Dental Association which is in session this week. He will return to the city during the latter part of the week.

We have just received a large shipment of the celebrated Fernhill line of groceries and will be glad if all of our lady customers will call. We will take pleasure in showing them through, whether they buy or not. Bonham & Son, phone 463.

JONES-KARNEST.

Mr. W. T. Jones and Miss Mary Earnest of Taylor were married in the probate office yesterday in the presence of a few friends.

It might be of interest to know that the boom was just two years under the 50-year mark, and the boom is just about 10 years his junior.

Miss Nellie Mae Conroy, of Cordale, Ga., is the guest of her sister Mrs. A. J. Whitley.

We have the finest line of olives we have ever had and that is saying a great deal. Bonham & Son, phone 463.

SHOOT TOMORROW

There will be a shoot by Company F. tomorrow afternoon at the range and all members are invited to attend.

EASTERN STAR MEETING

There will be a meeting of the Order of Eastern Star tomorrow, Thursday, at 3:30 p. m. All members are requested to be present.

## SPECIAL SESSION OF CONGRESS ON

### WILL CONSIDER RECIPROCITY WITH CANADA—BIG ATTENDANCE

Washington, April 4.—The sixty-second congress met in extraordinary session today. What the session will bring forth in the way of legislation, or when it will adjourn, were matters on which no one cared to venture an opinion.

The Democrats took full possession of the House and put Champ Clark of Missouri in the speaker's chair. In his speech accepting the honor, Mr. Clark warned the Democrats that the eyes of the country were upon them; that the party was on trial and that it had an opportunity for the first time in sixteen years to prove its worthiness for a still higher expression of confidence on the part of the American people.

Presidential Fights Loom Up.

Throughout the day the shadow of the coming presidential fight hovered about the capitol and there is no question that maneuvers for political advantage will play an important part in the affairs of each House during the next few months.

William Jennings Bryan, of Nebraska, and Governor Harmon, of Ohio, were prominent figures on the floor of the House during the opening ceremony and both shared in the Democratic demonstrations that marked the day.

The Senate's opening was sedate as usual. And while the leadership of the upper branch of the new congress remains in Republican hands, the change in the personnel of those assuming command was almost as marked as in the House.

Taft's Message Wednesday

President Taft's message, dealing with Canadian reciprocity alone will be read in the two houses of congress tomorrow. The bill was introduced by Representative McCall, of Massachusetts, who introduced it at the last session. It was referred to the Committee on Ways and Means.

Republican leaders of the Senate have announced that there shall be no tariff legislation at the extra session. Tariff revision is included in the plans of the Democrats.

The difference of opinion promises soon to bring the two branches into sharp conflict. A legislative deadlock is freely predicted and the length of the session seems now to depend upon how long the Democratic House will continue to bombard the Republican Senate with general legislation bills.

May Order Investigation.

From a political standpoint it is likely that one of the most important things the Democratic House will do will be to order a thorough investigation of the various departments and branches of the government service. The Democrats claim there has been no such investigation for twenty years and that much good campaign material as well as much saving to the people will result from them.

N. B. Crawford returned last night from Montgomery.

POSTOFFICE IS FLOODED

The postoffice crew is now looking forward with much pleasure to the day when they shall pull stakes and change their abode from the little building on North Foster street to the handsome new federal building on the corner. This is expected to happen in about thirty days, although it is not considered a favorite bet to place.

They have been flooded again and this time it is bad. The roof over their present home seems to be perforated, for within the past two weeks they have almost been forced to vacate their shop and look for higher lands. About two Sundays ago the office was given a good washing out and again last night when the rain came the place was drenched. Stamps were wet, but not to any great extent, and they suffered other inconveniences, such as a flooded lobby and office.

But some day, maybe, probably this year, the government building will be finished.

## SEVERE STORM SWEEPS ALABAMA

### DESOLATION AND HAVOC IN MANY PLACES—DETAILS ARE MEAGER

Desolation and havoc have been wrought in many parts of Alabama by a general severe wind and rain storm, cyclonic in its nature in some places, and accompanied by heavy lightning and hail in others, which started Monday night, terminating late Tuesday afternoon. Telephone and telegraph wires are down in many sections and only meager details of the damage done can be learned. Traffic on several railroads was delayed all of Tuesday.

Much Damage Done

Trees uprooted, houses and stores damaged, some completely demolished, lighting plants put out of commission, street car service impaired and streets flooded by the heavy downpour of rain, are the reports that were received Tuesday night from the storm visited sections of the state.

Anniston was swept by a miniature cyclone, the wind being accompanied by terrific lightning and rain which wrought considerable damage in several parts of the city. Poles of the telegraph and telephone companies were blown down in the streets and trolley wires of the street railway company snapped and the light plant put out of commission. A cotton warehouse was completely demolished and the debris spread over the streets.

Severe in Selma

In Selma, the storm was severe. Shingles were blown from the roofs of houses, trees uprooted, signs blown down, fences razed and business houses damaged by rains which fell in torrents while the storm was raging. The light plant was put out of commission and Tuesday night the city was in total darkness. The streets are littered and strewn with limbs from the countless shade-trees of the city. Telephone and telegraph wires were snapped and broken off and all the telephones knocked out.

In Birmingham the wind reached a velocity of forty miles an hour and was accompanied by a hard downpour of rain. Trees on the South Highlands, the highest section of the city, were entirely uprooted and numerous signs and awnings were blown down. Telegraph and telephone communication was also badly crippled.

Hail in Perry

At Uniontown, in Perry county, the high wind was accompanied by a regular hail storm and much damage was done. Fruit and vegetable crops were badly damaged.

Tuscaloosa also suffered, but the rumors that Aliceville, Moundville and Ethelville had been visited by a destructive cyclone proved unfounded.

Clanton experienced the fiercest wind and rain storm that has visited that section in many years. Trees were uprooted and houses more or less damaged. The county court house tower was badly damaged and the light plant put out of commission.

High Velocity in Mobile

In Mobile, the wind reached a velocity of between thirty and forty miles an hour and the water in the bay was very high, being driven up into the river by the high wind, and causing considerable uneasiness in the wholesale districts on the streets paralleling the river. At 8 o'clock Tuesday night the wind was still very high in Mobile, the sky heavily overcast and the atmosphere heavily charged with lightning.

Gadsden was also among the storm struck cities, many telegraph poles being blown down, trees uprooted and the lighting plant crippled.

Reports from Bay Minette, Brewton, Demopolis, Marion Junction, Evergreen, Decatur, Huntsville, Cullman and other places tell of severe wind and rain storms with considerable damage done.

Montgomery Gets a Touch

Tuesday afternoon the city of Montgomery was swept by the tail of the storm which broke over the southern portion of Mississippi during the earlier hours of the day, in consequence of which the telegraph and telephone service was slightly crippled. Section Director Smyth,

## COFFEY COUNTY HAS MANY HOOKWORMS

There is one thing in which Houston County is exceeded by Coffey County and that is hookworms. Dr. J. Fraser Orr of the hookworm department of the state board of health has returned from that county where he conducted a link of free dispensaries for the treatment of hookworm subjects for two weeks and reports the number great. When he made his report to Dr. H. G. Perry, the field agent was inclined to think that there was some mistake in the number, so large was it.

In the two weeks in which the dispensaries were operated there, 364 subjects were treated and in one day alone 342 were treated and many turned away.

The dispensaries were operated at Elba, Brocton and Enterprise. During the last three days of the last week of operation the figures of the three towns ran as follows: Thursday at Elba, 82 subjects, Friday at Brocton, 235 subjects and on Saturday at Enterprise 342 cases and some turned away.

This number far exceeds the number treated in any other county by the physicians since they have been working in Alabama and probably exceeds the total number of the others added together. It is not known yet as to what the next move of the hookworm department will be and Dr. Orr is at Dothan for the present.

We have the finest strawberries on hand all the time. Fresh from the vine. Bonham & Son, phone 463.

John Alex Kelly, of Columbus, is in Dothan this week visiting friends and relatives.

J. A. Stephens, of Midland City, was here a while this morning.

GOVERNMENT SERVICE

Mr. E. H. Everitt and Miss Laura Stevens, both of Millville, Fla., were married yesterday about noon in the probate office by chief clerk W. C. Acree.

of the United States weather service, states that indications are that the rain and wind storm will be followed by cooler weather today, although he does not look for any extreme drop in the temperature.—Advertiser.

## DR. W. P. RUSSELL KILLED IN DUEL

### W. P. MCGHEE FIRES SHOTS AND IS BADLY CUT BY DR. RUSSELL

Montgomery, Ala., April 5.—W. P. McGhee, at one time cashier of the Haneville Bank, shot and killed Dr. W. P. Russell, president of the bank and a prominent physician of Lowndes County, in a smoking car of the Haneville and Montgomery railroad Tuesday morning shortly before the train left Haneville. McGhee was severely cut about the face, and it is said that he is in a dangerous condition at his home in Haneville. The cause of the shooting is not known.

Both Dr. Russell and Mr. McGhee were to come to Montgomery Tuesday morning on business. Dr. Russell was accompanied by his wife, who was in the car behind the smoker, and who saw part of the duel. Mr. McGhee was accompanied by his son Fred McGhee, and when the two men were separated young McGhee is said to have been holding Dr. Russell's hand in which there was an open knife.

Alone in Car

Dr. Russell was alone in the smoking car when McGhee entered, took place before the shooting. Mrs. Russell was the first to hear the shots and call for aid. bystanders entered the smoking car, and saw they saw McGhee with a smoking revolver in his hand, and young Fred McGhee holding Dr. Russell's hand in which there was an open pocket knife.

It was seen that Dr. Russell was badly hurt, and the train was rushed to Montgomery. Surgeons met the train at the Union Station, and Dr. Russell taken to St. Margaret's hospital where preparations had been made for an immediate operation. Dr. Russell died, however, before the operation was begun. It is reported by those at the hospital that Dr. Russell murmured "There were two of them" just before his collapse on the train.

Fernell rolled onto and the first on earth. Fresh shipment just received. Bonham & Son, phone 463.

# Umbrellas.

You will need an umbrella if it rains and you will need one if it does not rain. We have a nice assortment for ladies and gents from \$1.00 and up with all the new things in mission handles, fancy and plain box wood.—If you cant come down to get one phone us and we will be glad to send one up. We will please you. Let us try.

# M. Cherry.

## The Dothan Eagle

W. T. HALL, Editor and Proprietor

Entered at the postoffice at Dothan, Ala., as second-class mail matter.

Daily, one year ..... \$5.00  
(Every afternoon except Sunday)  
Weekly, one year ..... \$1.00  
(Published every Saturday)

Office: Eagle Building, East Troy St.

Telephone No. 119

Friday, April 5, 1911

The heavy rains this morning did some good, for the streets needed the bath.

The weather man is behind in his report a day or so. Yesterday and today he missed it worse than Orlin's almanac.

A candidate for mayor the other day in another city was only accused of stealing a piano, and they didn't prove that on him.

J. Pierpont Morgan is going to pay a visit to the German emperor; probably will price the German empire with a view of adding it to his valuable art collection.

Alabama, coming first on a roll call, is showing up mighty fine in the Washington lineup. Champ Clark takes hold with some good Alabama material to help him.

Chicago wouldn't know how to behave itself without Carter Harrison for mayor. They contracted the habit many years ago of electing Carter Harrison, the elder, and they have put the present one in about the same line.

The railroads will come to understand after awhile that they can spend money effectively advertising the good things offered by the south. For years, low rates have been given to the west by roads running that way, while the southern roads haven't been bidding for the class of travel that is hunting homes.

The city commissioners of Birmingham and for Montgomery have been appointed now, and those cities may go along about their business. Probably Birmingham and Jefferson county took up over half of the time of the present legislature, and we are glad that services have been rendered. It is late to do any good.

Dr. Mary Walker has been a national institution for a good many years. Newspaper readers of thirty years ago will remember how she first attracted attention, either by being the first woman who graduated from a medical college, or the first woman to wear breeches. Since that time she has never known a dull day and now she has expressed her willingness of breaking into New York politics.

### WANT TO KNOW

We think we have a right to know whether the advertiser has paid the fine assessed against it the other day or not. The fine is one cent, and it is to go to ex-Governor Comer. Probably he has made arrangements by this time to do without it; but no time should be lost in forking it over, now that the courts have said there was a damage, and fixed the amount of the damage.

The Atchison Globe thinks it is a little encouraging when the first spring cyclone broke loose in Kansas instead of Kansas. Kansas was early known as a cyclone state, a poplar state, and about that time whiskey and prohibition both broke out there. Prohibition is about the only one left, for there is a concerted attack on the whiskey; the poplars were whipped earlier, and the cyclones have been coming less frequent.

Good time ahead for the mailing clerk. He will now have abundant material to be used as wrappers, for the dear old Congressional Record will be in our midst again next week. It will be slightly changed, for the management of the paper has changed, but we who have been tearing the wrapper off for so long will hardly miss any change for better. It has always been dull, and only fit to read when other stuff failed to show up.

### GRAVEYARD MOVING

There is an earnest effort on the part of some of the people of Dothan to move the negro graveyard, before it gets any bigger. Way back in the early days, when property was cheap, no one ever thought that a

certain section on the south side of town would ever be needed for anything but a blackberry patch, so a portion of an old field was sold off for a negro cemetery. The place has prospered, as many other institutions have, and now they are needing more room and cannot buy it. The people who own property all around the place, are building it up for residences, and they don't want any more bodies planted there, and they want the ones that are there moved as soon as possible to some other section, so that the old burying ground can be platted off and residences built thereon.

A committee from the council is out looking over some ground to be used as a new graveyard, and as soon as they find what they want, no more will be buried at the old place, and the bodies that are there now will be moved to a new resting place, after about a year's wait.

Nearly every town in the whole country that ever amounted to anything has had to contend with a graveyard, which was badly located.

Even New York city has a graveyard about Trinity that is occupying the most expensive ground that any graveyard ever occupied. The town outgrew the original plans, as most towns do that ever amount to anything.

So, if this negro graveyard is to be moved, the work should start early, before the job gets any bigger, for a burial takes place there pretty often.

### GLOBE SIGHTS.

More men go fishing to loaf than to fish.

Counting nibbling, a woman eats just about as much as a man.

There is often a cellar to many of these ground-floor propositions.

Nearly every man is wicked enough to bet a hat on a resident election.

When we go automobiling, we envy the driver so much that it spells the trip.

Occasionally one is reminded of the fact that not all the clowns join the circuses.

There are plenty of men who will be disappointed in heaven if there are no horses there.

When an old-fashioned woman criticizes another woman's hair, she says it is "too-ony."

And, doubtless, a number of people go visiting because they can't think of any other place to go.

What is sometimes known as a heartache, might often be more accurately described as wounded pride.

Experience is a great teacher, but you will never be very wise if you have to learn everything that way.

A number of things last longer than the kind of a ball and bat a boy gets thrown in with the purchase of a suit of clothes.

Tell a woman that another woman dresses well, and the listening dame will say, "She ought to," in a way that means a good deal.

If a girl makes a specialty of wearing as many rings as she can get on her fingers, she should also keep her hands clean as a side line.

A drunkard blames the saloon-keeper for his downfall, but he knows better. And the drunkard isn't the only fool who knows better.

When a man says he is willing to admit his opposition may be right he doesn't mean it; he means he is whipped, and has to admit it.

It may be said for the pure food law that it somewhat restricted the scope of the high-class literature which formerly adorned the breakfast food boxes.

It sometimes happens, when a man moves into town so as to be able to give his children better educational facilities, that the children learn altogether too much.

There may be a few dogs which will go out and drive the cows from the far end of the pasture to the corral, without any assistance from a boy; there may be such dogs, but they are rare.

In a recent play at the theatre was an old colored man who was very much afraid of lawyers. Possibly it would add to the general happiness of the country if more people felt that way about it.

## CHAUTAUQUA COMMITTEES ARE ANNOUNCED TODAY

President Pace, of the Southeast Alabama Chautauqua Association, appointed the following gentlemen members of the respective committees of the association:

Program Committee: J. V. Brown, chairman, J. B. Dell, G. S. Jackson, W. J. Kentree, Robert Parker, S. O. Williams and C. B. Whitley.

Transportation Committee: John Sanders, chairman, O. K. Morgan, E. C. Comble, W. H. Grant and J. J. Flowers.

Grounds Committee: J. W. Baughman, chairman, F. B. Culver, W. F. Martin, C. C. Hughes and J. M. Strickland.

Publicity Committee: S. C. Tutwiler, chairman, A. D. Ussery, Meyer Levine, F. M. Gaines and L. G. Biggers.

Finance Committee: E. R. Malone, chairman, H. C. Williams, W. C. Hutchins, R. D. Crawford and N. H. McCallum.

On motion, Mrs. W. S. Wilson was appointed president of the Ladies Auxiliary Committee, the special work of which is to continue the sale of season tickets and assist the other committees in intensifying interest in the chautauqua work. Mrs. Wilson was given full power to appoint the other members of her committee. This is one of the most important acts of the board of trustees as it is a well known fact that the ladies never fail to accomplish what they undertake.

The guarantee fund has been increased from \$2,050 last year to about \$2,800 this year and as the interest in the chautauqua is strong, it is believed that there will be no deficit. The guarantors met at the office of the president and elected the following gentlemen trustees for the ensuing term: W. R. Chapman, W. C. Strickland, A. E. Pace, O. R. Morgan, R. D. Blackshear, J. W. Baughman, F. B. Culver, E. C. Williams and L. G. Biggers.

The board of trustees elected the following officers for the ensuing year: A. E. Pace, president; W. R. Chapman, vice-president; W. C. Strickland, treasurer, and L. G. Biggers, secretary.

Messrs. Pace and Biggers were elected a committee of two to go to Florida and confer with Dr. Davidson about the program. Upon their return they report that the program will be much stronger than last year. Many of the stronger features will return for another engagement, such as the orchestra, Miss Jeannette Kiling, George R. Stewart, De Witt Miller, and the weaker parts of the program of last season will be strengthened.

J. C. Thaggard, a prominent turpentine man of Arlton, was here today on his way home from Florida, where he has been prospecting.

### STOCKING DARNING MADE EASY.

The Singer Darning darning better and quicker than by hand. The darning is more even and wears better than hand darning. The device is very simple; requires no study. Can be used on any lock-stitch sewing machine. For sale at Singer Store, E. Main street, Dothan, Ala.

## HEARD FROM

Last year some time, Mr. J. D. Long, who had been a resident of this county for a good many years, sold out and moved over to the west Alabama, at Perdido. He writes the editor of the Eagle a long letter this week, telling how far behind the farmers of that section are, compared to the ones we have. All make some good crops, but competition is mighty slim.

Mr. Long may like that part of Alabama, but then after a year or two, he may decide that Dothan county is the best, as so many other people finally decide.

### Considerate.

Pinkham had proposed and been refused, say the Metropolitan. Although he appeared in no talkative mood, a man sitting opposite in the smoking car attempted to draw him into conversation. At one moment the stranger would, with an access of politeness, apologize for calling Pinkham's attention to the fact that the ash of his cigar had fallen on his waistcoat, or a spark was endangering his tie. At length Pinkham exclaimed: "Why the devil can't you leave me alone? Your coat-tail has been burning for the last five minutes, but I didn't bother you about it."

## A LETTER TO THE SCHOOL CHILDREN

Who will be the first to buy a pair of 9 O'clock School Shoes and give the coupon to your teachers to put in that pretty little school house that sits on their desks? You need at least three of these largest flags, one for each school building. Now is your chance to get them absolutely free. We give you the flags. The only thing you have to do, is to wear the best school shoe in Dothan (9 O'clock School Shoe) and the flag is yours.

Call at our store and see them. We have them in several styles, all in low cuts and can fit you from the 1st to the 10th grade. We also have a present for you, call and get it.

J. M. BROWN & SON,

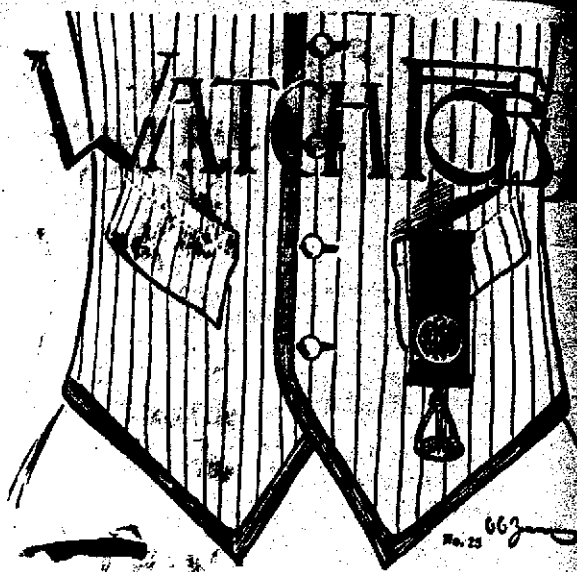

116 East Main street.

Dothan, Ala., April 5, 1911.  
Sincerely,  
J. M. BROWN & SON.

## TEACHER TRAINING COURSE AND REVIEW WORK

For Prospective High School and College Students, Dothan, Ala., May 29, June 30, 1911.

Following teachers will give time to work: J. V. Brown, W. I. Pittman, O. L. Tompkins. Individual help will be given where needed. Last year 60 students were enrolled. To those who want to accomplish the greatest amount of work in the shortest time the opportunity is invaluable. For information, address O. L. Tompkins, Dothan, Ala. 4013

**AMONG** the few personal ornaments that modern convention permits a man to wear, about the only thing in which there has been a radical change in style is the watch fob, which has replaced the watch chain. This is one instance where the prevailing style is sensible, as there are many points in favor of the fob over the chain—in appearance and usefulness. We have watch fobs in endless variety of styles and prices.

**Would you like an Easter Suit like one of these?**

IF YOU BELIEVE, WITHOUT HAVING SEEN OUR NEW STOCK, THAT MEN CAN'T DRESS LIKE THIS IN REAL LIFE, OR WITHOUT SPENDING A LOT OF MONEY, YOU ARE DUE FOR A VERY PLEASANT SUPPRISE WHEN YOU VISIT OUR STORE. THESE SUITS ARE

**Examples of The Finest Tailoring of The Day.**

We don't say one thing and mean another, but we back up every assertion with the goods. Even if you want to pay a low price for a suit, don't think you can't have style, for we make no short cut to quality.

When these facts are so easily proven--  
When these advantages to you are so great--  
And so many people are profiting by them every day--  
Why should you put it off any longer?  
We invite your judgement when you examine the goods.

#### GOLDEN MESSAGES

The best part of a good cake is the last piece.

Hard work is the powerful enemy of greediness.

Early strawberries are not as good as early onions.

No man who represents himself has very much backing.

Your health would be better if you would only let it be.

Nothing is so harsh as the harsh voice of a tired woman.

It is said of nearly every big merchant that he is a big borrower.

No man whose wife keeps bead-ers should try to have The Country.

About the only ambition a really bad boy seems to have is to die with his boots on.

You ought to be doing better than you are, but the facts are you don't try very hard.

Speaking of good hunting, it is usually easier to find wild geese than to find excitement.

Mathematics may seem difficult when one goes to school, but it is not recorded that any man ever failed to acquire enough arithmetic to make him pretty sure of what is coming to him.

Wanted—An early rising working boy, 12 or 13 years old, at this office.

For Rent—4 room house on East Washington street and four room house on Rose Hill. J. W. Brughman.

Eggs for Sale—Barred Plymouth Rocks and S. C. Rhode Island Reds, fine fresh eggs for setting, \$1 for 15. W. C. Strickland, phone 91 or 198.

For Sale—Rotary memograph machine, good as new, at a bargain. Will guarantee good service. B. W. Glendinen & Co.

Eggs—Buff Leghorns, Rosecomb Plymouth Rocks, Barred Rocks and Rhode Island Reds, \$1.00 per 15. Phone 232.

For Sunday, order your cream from us. We can give you vanilla, strawberry, tutti-frutti and chocolate almond. Nix Drug Company.

For Sale—117 acre farm in Holmes county, Fla., 32 acres under cultivation, running water, good buildings, 3 miles n-w of Bonifay. R. E. Womble, Campbellton, Fla., Route No. 1.

### DELAYED AGAIN

Why not fix up right and stop the bother of something always coming loose? A general overhauling is what your bicycle needs.

Send it, or call 810 for quick and substantial repairs.

### Dothan Cycle Co.

220 East Main Street  
The New Bicycle Shop

## WHEN IT SIZZLES

THERE'S nothing to do but forget. And there's no way to forget so easily as by slipping into one of our quarter-lined tropical weight suits.

Cool as a cucumber, smart as whip, and as moderately priced as they are comfortable to wear.

## O. P. GREEN

N. Foster St.

Dothan, Ala.

"I have plenty of time to spare for I am using that wonderful General Electric lamp." "I have found that this new lamp gives twice the light of the ordinary electric lamp, and it is less current, too, and the quality of light is infinitely superior to that given by the old style Edison lamp and screw."

"When I first heard of the G-E Lamp I was not using electric light, but when the wonders of this lamp were shown to me, I immediately had my lamp changed. You will do the same, too, if you take time to have this wonderful lamp demonstrated to you."

Just drop in for a moment today and let us show you why everyone who tries the G-E Mazda Lamp is so enthusiastic in its praise. Your call on us places you under no obligation, and it may be of decided advantage to you.

For Sale by W. F. MARTIN Everything Electrical
